Youth work together and we all think
 A chain can be strong as its weakest link
 There are problems we all must fight
 Let's think together both black and white
 We want our schools first in line
 Why not make it better for the kids behind

PRINCIPAL

Mr. Pincus Cohen

To the members of the Class of 1971:

The road ahead of you is filled with hopes, dreams, frustrations and many things new, wonderful and, as yet, unknown. Look forward to the future and accept the challenges which you will meet. Rely on the strength you have already developed and the courage you have well displayed.

You are prepared with knowledge, human understanding and energy. Use these to make a better world for everyone.

Congratulations and best wishes to each of you.

PINCUS COHEN
Principal

Mr. John Wilson

VICE-PRINCIPAL

To the Senior Class:

The task for making Democracy what it can be and what it should be is a challenge. This challenge is yours. You (all of you) can do it, it's up to you.

In accomplishing this task, may your lives be fruitful, enjoyable and most peaceful.

You shall have my continued congratulations and best wishes.
